

# The Horwood Stained Glass Museum

We would like to invite you to become a member of the newly formed *Horwood Stained Glass Museum*. This museum was formed to preserve a little known asset. The Horwood family produced many historically important stained glass windows in Canada and right here in Ogdensburg, New York. We are dedicated to the restoration, preservation, collection and exhibition of these fine windows.

The windows will be displayed for the public viewing in an appropriate museum setting. We will educate audiences in North Eastern United States and South Eastern Canada about the alarmingly rapid loss of stained glass windows as a result of many church closings, the destruction and replacement of public buildings, and the razing of private homes for commercial ventures with little or no regard for the rescue and preservation of artifacts.

We already started rescuing some of these windows but now we must find a permanent home for the museum in Ogdensburg. This is why we need your help!! Please join us!! Please see our returnable membership form attached.
